St. Mary’s Episcopal Church—tasks, needs, wants

In brevi

This is a checklist for live streaming, YouTube, Vimeo, WordPress, etc.

Contents

- Tasks
- Needs
- Wants
- References
- Support

Tasks

- create or revive our YouTube channel
- create a job aid on how to back up the computer in the audiovisual room
- complete the job aid for the live streaming of church services
    - eventually add how to do special services: funerals, Easter season, Christmas season
    - add how to delete old live stream files from the computer to free up space (these would be on YouTube anyway)
- find two backup people for the live streaming of church services

Needs

- external backup drive for the audiovisual computer Amazon 2 TB $90

Wants

- when the new microphones are installed for the choir, ensure these are part of the sound board to help improve the recording of the choir
